CALLING
Veterans, Women & Committed Professionals
to Partner us

Join a purpose-driven movement with Jeevan Pravaas Life Mentoring Services — a social enterprise founded by two Indian Navy veterans to empower India's youth and professionals with clarity, confidence, and purpose.

WHO We Are

Rooted in Vedic wisdom:

Inspired by the Bhagavad Gita and Upanishads, we integrate value-based philosophy with modern methods.

Backed by science & technology :

Western psychometrics, well-being practices, mentoring frameworks, and AI-enabled career alignment.

Serving across India:

Working with urban, rural, and underprivileged youth to bridge opportunity gaps.

WHAT We Do

Help students and professionals discover inner strengths and align with future-ready careers.

Use a unique psychometric assessment and a user-friendly online portal to understand each mentee deeply.

Guide informed decisions through a well-researched methodology and a robust AI tool mapping individuals to suitable occupations.
